BETHA 2017 Call for Proposals - Full-time assistant, associate and full professors (with a minimum 75% appointment for a nine or 12-month period) are invited to submit proposals to be considered for 2017 Battelle Endowment funding.

The Battelle Memorial Institute-Ohio State partnership fosters programs that examine the relationship between science and technology and its impact on broader social and cultural issues. Emphasis is placed on educational and public service projects rather than pure research. Interdisciplinary collaborations within the university and collaborations with other institutions are especially encouraged. Projects that address engineering-related topics or feature collaborations between engineering and the social sciences or arts/humanities are particularly welcomed. Typically, three to six awards are granted, ranging from \$10,000 to \$60,000. Awards will be made in the spring of 2017 for projects to begin the following autumn semester. **The deadline for receipt of proposals is Tuesday, November 22, 2016, at 5 p.m.** – Details available at <http://research.osu.edu/2016/08/betha-2017-call-for-proposals/>

Ohio State Sustainability Fund for campus projects - Funding is available for sustainability projects that will positively impact any Ohio State campus by advancing current programs, creating campus cultural change and directing sustainable campus policy or project development. Sustainability Fund projects must contribute to sustainability, provide campus impact and be used to seed, catalyze or gap-fill funding on projects. Projects also cannot be covered by an existing university operating budget. Details and application forms are found on the President and Provost's Council on Sustainability website, under "Involvement." - <https://president.osu.edu/leadership-and-committees/president-and-provosts-council-on-sustainability.html>
